Five companies, numbering about five hundred men, all fully armed, but not uniformed, of the Twenty-second Ohio Regiment, left Columbus for Athens, Ohio, on Thursday morning, at half past four o'clock, via the Little Miami Railroad. At Loveland they took the Marietta road—filling fifteen "box" cars.—They stopped at Chillicothe about an hour, leaving for their destination at 3 30 P. M. The leaving for their destination at 3 30 P. M. The train proceeded at a tolerable speed-between fifteen and eighteen miles per hour, it is thought by those who were on board. When one mile east of Raysville—twenty miles from Chillicothe—the axle of the tender broke, and six cars were precipitated down the embank-ment, and literally crushed to pieces. One of the cars was thrown into a creek containing four test depth of water. The jarring occasioned by the accident threw a great many passen-gers out of the doors—two of which were open in each car, one at either side. It is believed most seriously injured. His neck and arms were lacerated, and the flesh all over his body horribly

Without waiting to ascertain the extent of their injuries, those who were able to move, af ter recovering from the shock which they all ex perienced, set themselves nobly to work render-ing assistance to the wounded and suffering.— Under the car which crushed Ballou to death, they found a man named T. THE BASHAW STALLION! JOE GODWIN WILL MAKE HIS PLEST SEASON to a limited number of mares, from the 1st of April to the 1st of July, at my "Northwood Farm," 2% miles

north of Golumbus, Ohio

JOE GCDWIN was bred and raised by A. F. Townsend.
Esq. of Sussex county, New Jersey, and will be six
years old on the 29th day of next June. He was stred Eq., of Sussex county, New Jersey, and will be six years old on the 29th day of next June. He was sixed by "Long Island Black Hawk," he by Andrew Jackson, he by Bashaw, by the Imported Barb Grand Bachaw.—His dam was Liberty, (a thoroughbred mare,) she by Lance, out of the famous "Chardavoyne" mare. Thus it will be seen that JOE GOD WIN is a descendant of the best trotting and running stock the United States can boast of, via: Old Andrew Jackson, who was a son of the famous Bashaw, and the American Eclipse, who was a son of Old Messenger. Joe Godwin gets back to Andrew Jackson through Long Island Black Hawk in two crosses, and likewise gets back to Eclipse in four crosses, through Liberty and Lance—Lance being a son of Eclipse; he gets a cross of Expedition through Liberty, and also a cross of Ballfounder through the Chardavoyne Belifounder. A better combination of trotting and running blood no borse possesses, and he isa Trotter.

JOE GOD WIN is a beautiful bay, IJ hands and Jinches high, black mane and tall, and with no white mark except a star. He has a very stylish neck and head, and a better boned horse was never fosied. Last Fall, Joe Godwin was exhibited at the Lake Eric Horse Show at Cleveland, at the Virginia State Far at Wheeling, at the Muskingum Valley Fair at Zanesville, and in zværy cass carried off the first premium. In a trial of speed at the Ohio State Fair, held at Dayton, where thirty-seven of the best stalllons from Indiana and of this State contended, Joe Godwin Derrascon the whole field.

BLOOD RENOVATOR

Is precisely what its name indicates, for, while pleasant to the taste, it is revivitying, exhitarating, invigorating and strengthening to the vital powers, and at the same time revivines, rein states, and renews the Blood in all its purity, and thus at once restores and renders the system involved that at once restores and renders the system involved that at once restores and renders the system involved that at once restores and renders the system involved and stillfully combined as to be the most preparation ever offered to the world, so charmodily adapted to, as to act in perfect accordance with the laws of nature, and hence will ecoths the weakers stomach, and tone up the digestive organs, and thus aniay all nervous and other irritation. It is perfectly exhibitaring, and at the same time it is composed entirely of vegetables, yet so combined as to produce the most thorough tonic effect, without producing any injurious consequences. Such as remedy has long been felt to be a desideratum in the medical world, for it needs no medical still to see that debility follows all attacks of disease, and proceeds and indeed lays the system open to the insidious attacks of many of the most fatal, such, for example, as the following: Consumption, Indigestion, Dysposia, Loos of Appetite, Faintness, Nervous Irritability, Neuralgia, Paipitation of the Heart, Melancholy, Night Sweats, Languer, Giddious, Indigestion, Dysposia, Loos of Appetite, Faintness, Nervous Irritability, Neuralgia, Paipitation of the Blood Removator is as sure to cure as the sun to rise and set. There is no mistake about it. But this is not all. If the system is weakened, we are upon to bilious attacks, the liver becomes torpid, or worse diseased, the kidneys refuse to purform their functions, and we are troubled with conding and incontinence of urine, or involuntary discharge of the same, pain in the back, side and between the shoulers, exceedingly liable to slight odds, coughs, and the patient goes down to a prumature grave. But space will not allow us tween the shoulders, exceedingly liable to slight colds, coughs, and if unchecked, soon emaciation colds, and the patient goes down to a premaining grave. But space will not allow us to enumerate the many list to which we are liable in a weakersed condition of the system. But we will say, in this Cordial and Blood Renovator you have a perfect, safe, pleasant and effectual remedy for less of Appetite, Biliousness, Fintelence weak and sick stomach, Languor, Liver Complaint. Chills and Fever, or any Bilious attack, Costiveness, Acidity of the Stomach, Nervousness, Neuralgia, Palpitution of the Heart, e, reasion of Spirits, Sorss, Pimples on the Fac or any disease arising from impure blood, such as Scrotuls, Erysipelas, Bromhitis, Cough, difficulty of Breathing, and all that belass of diseases called female weakerss, and commerated above. We will also say the traveler apposed to epidemics, change of climate and water, will find it a pleasant, safe and sure remedy, and none should ever travel without. Reasier, will find it a pleasant, safe and sure remedy, and none should ever travel without. Reasier, try it, for we assure you you will find in it a triend indeed, as well as a friend in need. All persons of sedentary habits will find it a perfect preventive of as well as cure for those aliments to which they are particularly exposed. Hence ministers, stedents, at the other sevantage to keep a bottle constantly on hand; and, above all, mathers, or these becoming such will ge through that most dangerous period act only with all their accustomed strength, but afe and free from the thousand allmonts so prevalent among the female portion of the world.
